The storyline, set during the events of Return of the Jedi, will have players fighting in the battle for Endor and against the second Death Star and which is partially under construction, but also operational.

The ultimate goal is to find and defeat Darth Vader's Super Star Destroyer called the Executor.. In addition to the main game, there are updates listed for Graphics/Sound updates and the Star Trek based game on the developer's official page for the game.. Both games have similar look/feel and the game play is also very similar In The Battle of Endor, players will pilot an X-Wing fighter for the Rebel Alliance.. In addition to The Battle for Endor, there are a few mods available that have converted the game to the Star Trek universe.. The legality of the game can be called into question It is not known if the developer received proper permission to use the images of the ships from Star Wars universe such as the X-Wing or TIE Fighter or permission for the use of the title.

The game includes battles across six stages pitting players against hundreds of enemy TIE fighters and other ships.. That being said the game has been around for over ten years so the likelihood of gaming going away due the use of the name and likeness is unlikely.
